# NATURE WALK-AND-TALK

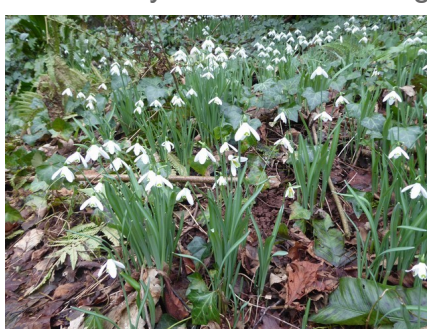

## Exmouth Local Group

**Saturday 11 February 2023**

**10.30am**

### **Lympstone**

Walk and Talk events are gentle, accessible and slow walks with time to appreciate the natural world. They are friendly, informal gatherings where participants can chat to one another. They are not 'led' walks with expert input, instead we encourage participants to point out anything they see, and share any relevant knowledge they may have.

### **Lympstone Walk-andTalk**

This walk will be take in lanes and footpaths, and incorporate views of the estuary. It will include some uneven terrain and a few steep slopes.

#### **Difficulty: Medium**

This walk will be generally easy underfoot, with one or two stony areas. The walk will commence at 10.30am and end at approximately 12 noon.

**Access:** There is a good train service (between Exmouth and Exeter) which stops at Lympstone Village. There is a cycle route between Topsham and Exmouth which runs through Lympstone, and there is a paying car park in the centre of the village.

**Facilities:** There are public toilets in the village car park. The village has several central pubs, a cafe, and a village store.

#### **Booking is essential as places are limited.**

- Please let us know if you have any questions, or particular requirements
- To book your place, please email: [exmouthDWT@gmail.com](mailto:exmouthDWT@gmail.com)
- Please include your mobile number and let us know if you require any adjustments

**Once you have booked, we will confirm your place. We will send you further details nearer to the time.**
