	Common sorrel				
	At least 39 species				
	* The red clover sp recorded here is probably a commercial arable seed and is larger than the usual wild Red Clover.				

Species – English/common name is fine **Location of site** – please stand somewhere in the middle of site and take a UK Grid reading or What3words **Abundance** – W = widespread, P = patchy or I = isolated
If you wish to remember the **location of a particular plant** – eg because you think it might be unusual or wish to find it again, please take a UK Grid reading or What3words and enter it on the appropriate row of the recording sheet. Other species eg butterflies, can be added in Notes. **Photo** – Y or N – or use to record location of photo eg ‘on my phone’ etc.
